Photo Setup

I used blue background for the white plate to get more appealing to the light

Light source coming from this side window

peach of different color was added to make the egg omlet yellow to more noticed

Nuts are added to make the lower portion little dark

On top white base of egg omlet and green chilli color added to make the center more attractive

chopstick from this end pointed to right side make the eye sight to center

Everytime i tried to put or arrange the objects to draw a path for the eyesight

Used

Sunlight
